

Carlisle Sure-Flex™ PVC Color Palette

Turn your roof into a canvas with Carlisle's PVC Color Palette. The leader in single-ply technology offers more pre-formulated colors than any other manufacturer in the marketplace. Whether you need a decorative, colored roof or a logo proudly displayed, Carlisle has the color for you. Carlisle's PVC Color Palette simply requires a minimum order of 5,000 square feet of 60-mil non-reinforced flashing (used as an overlay to create a logo) or 100,000 square feet of reinforced PVC membrane and an approximate four-week lead time.
